Ms. Julie Gist, RN, BS, MSN
Coordination of Care Service Director
Service Director Kaiser Foundation Hospitals
4601 Dale Road
Modesto, CA 95356

Dear Ms. Gist,

I am writing you to express my interest for the recently posted position of Patient Care Coordinator Case Manager within Kaiser Permanente located at the St. Joseph's Medical Center, Emergency Room, in Stockton, California. I learned of this position through the internal job-postings page on the Kaiser Permanente website.

From my resume, you will see that I am currently employed with Kaiser Permanente at the South Sacramento Kaiser Hospital in the Intensive Care Unit providing excellent direct-patient care by working with both patients and families in their time of need. My personal goals of practice are to provide knowledgeable, compassionate, and ethical bedside care. At this particular facility, we care for a wide range of patient clientele – medical, surgical, trauma, stroke, cardiac, and neuro.

I am interested in the Case Management position to broaden my clinical experience and utilize my current education to grow my nursing practice. I love to learn, and Case Management seems like a natural step in furthering my nursing knowledge and experience.

In addition to my 17 years of bedside experience, I will bring to this position the invaluable lessons I have learned from my experiences as a student at Samuel Merritt University. My education has broadened my view of both the art and science of nursing. It has also given me a voice – a voice for our patients and a voice for our discipline. I believe that through our experiences and education, we can transform our current nursing practice from an applied-science approach to a true nursing-science approach that reflects both the art and science of nursing.

I would like the opportunity to interview for the position and to learn more about what employment opportunities or hiring plans exist in the near future. I will contact you the week of June 2nd to follow up on my application and can be reached at 209-747-5126 should you need any additional information. Thank you for your consideration in this job opportunity.

Sincerely,

Janice Adams, RN
